Bootstrap 4 Icons

Bootstrap 4 does not have its own icon library (Glyphicons from Bootstrap 3 are not supported in BS4). However, there are many free icon libraries to choose from, such as Font Awesome and Google Material Design Icons.

To use Font Awesome icons, add the following to your HTML page (No downloading or installation is required):

```
<link class="attributecolor" style="color:red"> rel="attributevaluecolor"
style="color:mediumblue">="stylesheet" href="attributevaluecolor"
style="color:mediumblue">="https://use.fontawesome.com/releases/v5.7.0/css/all.cs
s" integrity="attributevaluecolor" style="color:mediumblue">="sha384-
lZN37f5QGtY3VHgisS14W3ExzMWZxybE1SJSEsQp9S+oqd12jhcu+A56Ebc1zFSJ"
crossorigin="attributevaluecolor"
style="color:mediumblue">="anonymous"="tagcolor" style="color:mediumblue">>
```

PDFmyURL

Then, add the name of the icon class to any inline HTML element (like `<i>` or `<span>`):

Example

```
<i class="attributecolor" style="color:red"> class="attributevaluecolor"
style="color:mediumblue">="fas fa-cloud"="tagcolor" style="color:mediumblue">></i
class="tagcolor" style="color:mediumblue">>
<i class="attributecolor" style="color:red"> class="attributevaluecolor"
style="color:mediumblue">="fas fa-coffee"="tagcolor" style="color:mediumblue">>
</i class="tagcolor" style="color:mediumblue">>
<i class="attributecolor" style="color:red"> class="attributevaluecolor"
style="color:mediumblue">="fas fa-car"="tagcolor" style="color:mediumblue">></i
class="tagcolor" style="color:mediumblue">>
<i class="attributecolor" style="color:red"> class="attributevaluecolor"
style="color:mediumblue">="fas fa-file"="tagcolor" style="color:mediumblue">></i
class="tagcolor" style="color:mediumblue">>
<i class="attributecolor" style="color:red"> class="attributevaluecolor"
style="color:mediumblue">="fas fa-bars"="tagcolor" style="color:mediumblue">></i
class="tagcolor" style="color:mediumblue">>
```

Try It Yourself »

The list of all Font Awesome icons can be found here:
